

Suzuki GT250 X7

CHRISTMAS DEAL 2025

The Suzuki GT250 X7 was a game-changer in the late '70s: a 250cc two-stroke twin that could beat bigger bikes with its power-to-weight ratio. Weighing under 140 kg and producing nearly 30 hp, it was Suzuki's answer to fast, fun, and affordable motorcycling.

This 1979 example is finished in the classic blue and has 32,802 km on the clock. Originally Dutch-delivered, with registration and ready to go. Whether you're a two-stroke fan or a collector looking for the next icon

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
