Aprilia Moto 6.5

Aprilia Moto 6.5

The Aprilia Moto 6.5 is not just a bike, it's a bold design statement. Introduced in 1995 and styled by world-famous designer Philippe Starck, this Italian original breaks every conventional rule. Finished in striking silver and orange, its sculptural shape still feels futuristic today.

Power comes from a liquid-cooled 650cc single-cylinder four-stroke engine, derived from the Aprilia Pegaso. The engine delivers smooth, accessible power and a relaxed riding experience, perfectly suited for back roads and city riding alike. With just 21,698 kilometers on the odometer, this Moto 6.5 has been well cared for and is ready to be enjoyed for many years to come.

We see the Moto 6.5 as a machine for true enthusiasts: rare, unconventional and full of personality. A motorcycle that tells a story every time you ride it

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.

Motorcycle details
