

BMW R 100 RS

BMW R 100 RS

The 1987 BMW R100 RS in Pearl White is a machine you don't simply own – you appreciate it. Its air-cooled 980cc boxer engine delivers around 59.5 hp at 6500 rpm, known for smooth power delivery, durability, and unmistakable character.

With 75,412 km on the clock, this four-stroke RS feels mechanically fresh and comes with all original documents. In the 1980s, the R100 RS stood out as a revolutionary sport-tourer, combining wind-tunnel-designed aerodynamics with long-distance comfort. The Monolever rear suspension and dual front disc brakes ensure stability and confidence on the road.

To us, this BMW represents more than engineering – it embodies heritage, craftsmanship, and the pure joy of riding a genuine classic

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
