

BMW R 1200 C

BMW R 1200 C

The 2000 BMW R 1200 C is a motorcycle full of character—an iconic cruiser blending traditional styling with BMW's advanced engineering. Its 1170 cc four-stroke boxer engine with four valves per cylinder, air/oil cooling and Bosch Motronic injection delivers 61 hp at 5000 rpm and 98 Nm of torque at 3000 rpm.

With its low center of gravity, Telelever front suspension and Monolever rear setup, the R 1200 C offers stable, relaxed handling. This example has 52,897 km, originates from the Netherlands and is in beautiful condition

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
