## BMW R 65 GS

We are proud to present this beautiful BMW R 65 GS from 1990, finished in the iconic white/red color scheme and originally delivered in Germany. With only 15.614 kilometers, this is a remarkably well-preserved example of a true GS classic. From the first glance, it's clear that this bike has been cherished while maintaining its adventurous spirit.

The R 65 GS is known as the lighter, more playful member of the GS family — a machine built in an era when BMW defined the foundations of the GS legend. It inspires exploration far beyond the main roads while remaining compact and agile for relaxed journeys closer to home. This balance makes it a favorite among collectors and passionate riders.

For enthusiasts seeking character, simplicity and proven reliability, this is a rare opportunity to own a genuine piece of BMW history

At [VintageMotorcycles.nl](http://VintageMotorcycles.nl), we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
