

BMW R100RS Café Racer

BMW R100RS Café Racer (1977)

This is no ordinary BMW R100RS. Built in 1977 and transformed into a world-class café racer, this machine is the definition of craftsmanship and performance. With rare Krauser 4-valve heads and high-end parts sourced from top brands like Beringer, Brembo, and Motogadget, it's a rolling masterpiece that's caught the eye of BikeEXIF and BikeBound. Despite the extensive transformation, no cuts or welds were made to the frame — keeping it completely reversible to original. Finished in Porsche 356 Maroon and fitted with a handcrafted leather seat and custom exhaust system, every detail on this bike has been carefully considered and executed to perfection. The rebuild is thoroughly documented with photos and receipts. Currently registered in Poland, the bike was imported from the Netherlands and has passed technical inspection. With zero kilometers on the meter and a fresh service in April 2024, this is your chance to own a true collector's item that blends BMW heritage with modern café racer flair.
