The R90/6 is celebrated for its reliable air-cooled twin-cylinder boxer engine and smooth handling. Back in the 1970s, it was a symbol of German engineering and innovation – loved by enthusiasts for its timeless design and robust mechanics. Owning this bike means owning a piece of history on two wheels.

Ready to enrich your collection with a true classic? This BMW R90/6 is waiting for a new owner who appreciates craftsmanship and the charm of a bygone era.

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
