## Benelli 250 4 TN

This 1936 Benelli 250 4TN in classic black is exactly the kind of machine that makes our hearts beat faster. Benelli is one of the oldest and most iconic Italian brands, renowned for racing success, engineering excellence and timeless design. Founded in 1911 in Pesaro, the company built high-performance machines that became well known on European circuits throughout the 1930s and 1940s.

This 250 4TN carries that heritage in every detail. Its compact stance and elegant, flowing lines give it an honest, sporting character that suits both spirited rides and display in a serious collection. The deep black paintwork lets the classic silhouette speak for itself, while the Dutch registration and plate NM-38-61 add a tangible piece of history.

For us, a Benelli like this is more than a classic – it is a story on wheels. Every ride feels like stepping back into the 1930s, when passion, craftsmanship and simplicity defined the road. If you are looking for an authentic Italian classic with soul and presence, this 1936 Benelli 250 4TN is a rare opportunity. At [VintageMotorcycles.nl](http://VintageMotorcycles.nl), we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
