

# Benelli 254

## Benelli 254

The 1981 Benelli 254 is a rare gem – an Italian masterpiece ahead of its time. Its compact 231 cc four-cylinder engine delivers over 27 hp at an impressive 10,500 rpm, known for its smooth character and lightweight feel.

This specific example is extraordinary: essentially brand new with only **18 kilometers** on the clock. It currently has no papers, making it a perfect starting point for collectors who value untouched originality.

Benelli was celebrated for bold engineering and Italian charm. The 254 Quattro showcased innovation with a four-cylinder layout in a class where few dared to experiment. Its compact size, refined engine and striking red finish make it a machine meant to be experienced.

A true time capsule – pure, original, and full of character

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
