## Benelli 750/6 Petrol

The 1978 Benelli 750 Sei is a true Italian icon – a rare transverse inline-six that defined an era. This Dutch-registered example with only 02931 kilometers is a remarkably preserved piece of motor history. Its smooth six-cylinder engine, distinctive six-pipe exhaust design and refined power delivery make the Sei one of the most charismatic classics of the 1970s. The 748cc SOHC engine with Dell'Orto carburetors is known for its elegance, smooth acceleration and unmistakable character. A collector's dream – ready to be heard, ridden and admired

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
