

Benelli Pasolini Racer – Replica with Suzuki Engine

Benelli Pasolini Racer – Replica with Suzuki Engine

This Benelli Pasolini Racer is a true tribute to vintage racing heritage. Though it's a replica, the bike captures the spirit of the original with its classic green livery and racing stance. Fitted with a Suzuki engine, it's an intriguing project piece for any enthusiast or collector. The engine is currently not running, and the exact displacement is unknown. Offered in its current, unrestored condition – a perfect base for a unique custom or track bike project

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
