

Benelli quattro 250

Benelli quatro 250

The Benelli Quatro 250 from 1977 is a true classic that makes every enthusiast's heart beat faster. With only 11,511 kilometers on the clock, this bike is a time capsule from an era when Italian craftsmanship and style set the standard. Its striking red color highlights its sporty character, while the compact four-cylinder engine delivers a smooth and lively ride.

Benelli was renowned in the 1970s for innovation and design, and the Quatro 250 is a perfect example of that heritage. It combines elegance with performance, offering a unique riding experience that's hard to find today. Whether you're a collector or simply looking for a special classic to enjoy, this Benelli is an opportunity you don't want to miss.

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
