Benelli Sei 900

Benelli Sei 900

The Benelli Sei 900 from 1987 is a true icon of Italian motorcycle history. With its six-cylinder inline engine, it was a masterpiece of engineering and design at the time. The deep red paint highlights its elegant, sporty character, while the 42,686 kilometers on the clock prove it has been ridden with care and passion. The Sei 900 is renowned for its silky-smooth performance and distinctive sound – a six-cylinder symphony that turns every ride into an unforgettable experience. This model is more than just a bike; it's a piece of heritage that reflects Benelli's golden era. For enthusiasts of exclusive classics, this is your chance to own a rare example that shines both on the road and in any collection At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
