## Bimota HB1 Replica. Price on request

Price on request,

The 1973 Bimota HB1 is a true legend in motorcycle history. Only ten originals were ever produced, most of which are now locked away in private collections or museums. That makes owning one nearly impossible. This high-quality replica, however, offers you the chance to experience the magic of the very first Bimota yourself. Equipped with the reliable Honda CB750 engine, it delivers the perfect balance of Italian design and Japanese engineering—without the worry of rarity or value loss. A unique opportunity to own and ride a piece of history

At [VintageMotorcycles.nl](https://www.vintagemotorcycles.nl), we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
