

Bimota YB 11 Superleggera

Bimota YB 11 Superleggera

This rare 1996 Bimota YB11 Superleggera captures everything the Italian brand is known for: exceptional craftsmanship, innovative engineering and the passion that began with Massimo Tamburini's early HB1 creation.

Finished in red and grey, the YB11 is a lightweight powerhouse built for riders who demand more than an ordinary sport machine. The Superleggera philosophy focuses on minimal weight and maximum precision, giving every ride a sharper, more emotional feel.

Machines like this are becoming increasingly scarce, especially with UK papers and original styling. Its strong four-stroke heart is wrapped in a refined Italian design that still turns heads decades later. For riders seeking rarity, quality and character, this Bimota represents a unique piece of Italian engineering history

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
