## The Moto Guzzi Nuovo Falcone 500

The Moto Guzzi Nuovo Falcone 500 from 1970 is a charming single-cylinder motorcycle that embodies the robust Italian engineering of its era. Known for its reliability, simple mechanics, and unmistakable thumping sound, the Nuovo Falcone became a beloved model both for civilian riders and for use by the Italian military and police forces.

This particular bike is in very nice condition and has been owned by the same enthusiast for many years. It comes with its original full fairing as well as several spare parts, making it even more appealing to collectors and classic riders. With Dutch registration papers, this 1970 Moto Guzzi is ready to be enjoyed by a new owner

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
