Ducati 900 SS

The 1981 Ducati 900 SS is an icon born from the brand's legendary racing heritage. This black-and-gold classic embodies pure Italian passion and engineering from an era where raw character defined performance. Its air-cooled 864cc L-twin with bevel gear drive produces 65 hp, delivering the unmistakable feeling that made the 900 SS a dominant force on the road.

Equipped with Marzocchi suspension, twin front disc brakes and a low overall weight, the 900 SS feels precise, agile and full of life. This particular example, sourced from Germany, is in exceptional condition with only **16,875 km**.

Riding this Ducati means experiencing a piece of history – a tribute to the Imola victories that firmly established Ducati as a leader in sporty performance.

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
