Ducati 750 F1 Desmo

The Ducati 750 F1 Desmo from 1990 is a tribute to Ducati's pure racing DNA. This red-white-green beauty embodies Italian passion and craftsmanship. With 29,427 miles on the clock, it proudly carries its history. The F1 series was developed as a street version of Ducati's endurance racers, known for its uncompromising character and authentic riding experience. At its heart lies the legendary L-twin engine with Desmodromic valve control – a technology that makes Ducati unique. The sound is raw, pure, and unmistakably Italian – a symphony for enthusiasts. This Ducati is for true purists who want to own a piece of motorsport history

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
