Ducati 900 SS Superlight

The Ducati 900 SS Superlight from 1994 is one of the most desirable models of the iconic Supersport line. Produced in limited numbers, the Superlight combined the proven 904cc L-twin with lightweight components, making it a purist's dream for the road and track. Finished in Ducati red, this example has 58,000 km and remains in excellent condition.

The current Dutch owner bought the bike in 2001 with 28,000 km from its first German owner. Ever since, the motorcycle has been meticulously maintained and has never had any mechanical issues. Recently, oil and filter were replaced, though the bike has been ridden only sparingly in recent times. Importantly, the engine has never been replaced, it is still the original one it left the factory with.

With only two owners, perfect condition, and a clear history, this Ducati 900 SS Superlight represents a rare chance to own a piece of Bologna's racing-inspired heritage.

All our motorcycles are delivered worldwide and have undergone a thorough service check.
