

Ducati Paul Smart 1000 LE

Ducati Paul Smart 1000 LE

The Ducati Paul Smart 1000 LE, produced in 2006, is one of the most desirable modern classics Ducati has ever built. Limited to just 2,000 units worldwide, this model was designed to celebrate Paul Smart's legendary 1972 Imola 200 victory. With its unmistakable retro styling, silver fairing, and green frame, it pays homage to Ducati's racing heritage while offering modern performance.

This particular example comes with only 5,436 km, making it a rare find in outstanding condition. A true collector's item, combining exclusivity, beauty, and timeless Ducati soul

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
