Gilera Saturno racer 500 1954

This 1952 Gilera Saturno Sport is a true celebration of Italian racing heritage.

Finished in vibrant red, it embodies the elegance and performance of post-war motorcycle design. Powered by a robust 500cc single-cylinder OHV engine delivering around 22 horsepower, the Saturno Sport was a favourite among private racers and even the Italian military. Designed by Giuseppe Salmaggi and inspired by the legendary “Otto Bulloni”, this model offered thrilling performance that rivalled British icons like the BSA Gold Star.

With its 4-speed gearbox, Dell'Orto carburettor, and drum brakes, this Saturno Sport is rich in authentic period details. It's fully checked and ready to ride or display – a rare opportunity to own a piece of living history

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
