Honda CB 500 F Modern Retro Candy gold

Honda CB 500 F Modern Retro Candy gold

A rare gem in stunning Candy Gold: this 1976 Honda CB500F CUSTOM,
is a tribute to the golden age of Japanese engineering.
The CB500F was one of the most accessible four-cylinder bikes of its time, praised for its smooth ride and reliable performance.
This particular bike comes from Sweden and carries the frame/engine number CB 500 E2165153.
The Candy Gold paint adds a true vintage flair. Whether you're a collector or a rider seeking authentic experiences, this Honda offers a unique chance to own a piece of motorcycle history
At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
