

Honda CB500 Four

Honda CB500 Four

The Honda CB500 Four is a true icon of the 1970s and one of the best-balanced bikes ever made. Positioned between the legendary CB750 and the smaller CB350, the CB500 delivered both refinement and performance in a beautifully styled package. This 1976 example in the rare Candy Gold finish has 48,978 km on the clock and Dutch registration. With its four-cylinder engine, chrome detailing and unmistakable '70s vibe, it's an excellent choice for collectors and riders alike

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
