

Honda CB500T

Honda CB500T

The Honda CB500T is a classic twin-cylinder motorcycle known for its smooth ride and reliable performance. This particular model stands out due to its low mileage, which is the result of a new speedometer being installed. The bike is in excellent condition, perfect for anyone looking for a vintage Honda with great handling and classic styling

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
