Honda CB750 Four K2

This 1975 Honda CB750 K2 is a true classic, finished in original Candy Gold with 73,709 km on the clock. Imported from Sweden, it's a clean and complete example of one of Honda's most iconic models.

The K2 represents a refined stage in the legendary CB750 series, with updated styling, improved controls, and the signature 4-into-4 exhaust system. Well preserved and full of character, this bike is ready for the road or collection.

A timeless machine that turns heads

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
