Honda CB750 K0

The Honda CB750 K0, the original “Four,” is an iconic motorcycle that helped revolutionize the motorcycle world when it was released in the late 1960s. This particular model has undergone a complete restoration, bringing it back to its original glory. After the restoration, the engine has been fully revised and has only been ridden for a few thousand kilometers since, making it a near-new example of this legendary bike.

This Honda CB750 K0 is a true collector's piece, ready to offer years of enjoyment and a solid investment for any vintage motorcycle enthusiast. Don't miss the chance to own a piece of motorcycle history

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
