

Honda CB750 K6

Honda CB750 K6

This 1977 Honda CB750 K6 is a beautifully preserved classic, finished in deep dark red. It received a full engine rebuild in 2019/2020 and has only covered 3,000 km since.

The K6 marks the end of the original CB750 line, still featuring the iconic 4-into-4 exhaust system. Originally delivered in Sweden, this bike is now in excellent mechanical and cosmetic condition – ready to ride or display.

A great opportunity for collectors who want a fully refreshed, authentic 1970s Honda

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
