Honda CBX 1000 Z - Metallic Red

We proudly present this iconic Honda CBX 1000Z from 1979 – a true legend on two wheels. With its impressive six-cylinder inline engine and striking metallic red finish, this machine radiates pure power and elegance. It has only 63,800 kilometers on the clock, has been stored indoors its entire life, and is therefore in exceptional condition.

The best part? It comes from one single owner, still wears its original paint, and includes official valuation papers.

The Honda CBX 1000Z was introduced in the late 1970s as a masterpiece of engineering and design. Its 4-stroke six-cylinder engine delivered unmatched performance at the time, making it an icon in the motorcycle world. Today, it's not just a ride – it's a valuable classic that deserves its place in history.

Ready to own a piece of motorcycle heritage? This CBX is waiting for an enthusiast who appreciates passion and craftsmanship.

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
