Honda CBX 1000 Super Sport 1981

Experience the golden age of performance with the **Honda CBX 1000 Super Sport from 1981**. Powered by an iconic **six-cylinder inline engine**, this masterpiece redefined speed and innovation in its era. Finished in elegant **black** and showing only **2,255 km**, this CBX is a true collector's dream. When Honda introduced the CBX, it was a bold statement of engineering excellence. The wide engine block, the unmistakable exhaust note, and the smooth power delivery made it one of the most desirable machines of its generation. Today, it remains a symbol of timeless design and technical brilliance.

Owning this CBX means owning a piece of history – a motorcycle that turns heads and sparks conversations wherever it goes. Ready to make this legend yours? Don't miss this opportunity. At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
