1977 Honda Goldwing GL1000

The 1977 Honda Goldwing GL1000 is a true icon among touring motorcycles, and this classic red example is a beautiful representation of the model. With 83,000 km on the clock and a recent major service carried out by a Goldwing specialist, this bike is ready for many carefree miles.

The service, performed in October 2024, included valve adjustment, new timing belts, a full carburetor overhaul, replacement of gaskets, new spark plugs, and fresh fluids. Both brake and cooling systems were serviced, leaving the bike in excellent mechanical condition. The total invoice exceeded €1,600, and all details are available.

Launched in the 1970s as the ultimate touring motorcycle, the Goldwing GL1000 is renowned for its reliable 999cc flat-four engine, smooth performance, and unmatched comfort. This particular machine combines classic looks with proven dependability

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
