

Honda NS 400 R Freddy Spencer

Honda NS 400 R Freddy Spencer

The **Honda NS 400 R Freddie Spencer from 1986** is a true tribute to Honda's Grand Prix heritage. Created as a road-going interpretation of the NS500 that carried Freddie Spencer to world championship glory, this machine is pure racing DNA on the street.

At its core lies a liquid-cooled **387 cc two-stroke V3**, making it the largest street-legal two-stroke Honda ever produced. Lightweight, compact and full of character, the NS400R delivers a raw and engaging riding experience. The aluminium frame and Pro-Link rear suspension provide sharp handling and impressive balance.

Finished in iconic **red, white and blue**, this example shows **57,903 km** and comes with **Dutch registration**. Increasingly rare and highly collectible, the NS400R is a must-have for true two-stroke enthusiasts and collectors of iconic Japanese classics

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
