Honda RVF 400 R NC35

The Honda RVF 400 R NC35 is a tribute to Honda's Grand Prix legacy, built for the Japanese market and praised for its refined engineering and sporty soul. This 1998 model features a striking multicolour paint scheme and has only 28,428 km on the clock. Its V4 engine delivers 61 hp at 12,500 rpm, paired with a twin-spar aluminium frame and single-sided swingarm – a setup that ensures razor-sharp handling and an exhilarating ride.

The NC35 isn't just a sportbike; it's a compact powerhouse with racing blood. With aerodynamic fairings, upside-down forks and Nissin brakes, it's built for twisty roads and track days alike. This bike comes from Germany and is ready for the 2025 season

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
