

# Honda RVF RC 45

## Honda RVF RC 45

The 1999 Honda RVF RC45 is a true icon born from Honda's Superbike racing heritage. Its 4-stroke 90° V-four engine with 749 cc and PGM-FI fuel injection offers razor-sharp throttle response, rich character and the unmistakable V4 pulse that made the RC45 legendary.

This beautifully preserved **red-white-blue** example, originally delivered in **Belgium** and showing **40449 km**, represents the pure spirit of 90s superbike engineering. With its aluminum twin-spar chassis, fully adjustable suspension and race-bred precision, the RC45 remains one of Honda's most desirable machines ever produced.

Owning an RC45 means owning a legend—an engineering masterpiece with a soul

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.

### Motorcycle details

**Year**

1999
