## Honda RVF RS 45

This 1994 Honda RVF RS 45 immediately shows its special character. A machine shaped by Honda's racing heritage — a brand known since 1948 for innovation, reliability, and outstanding engineering. With its red-white-blue livery and **39,412 km**, this bike not only looks stunning but carries the charm of a machine that has been enjoyed with care. Originating from Portugal and identified by frame number **JH2RC45990M000009**, it takes you back to a time when pure feel and mechanical precision defined the riding experience.

We have a soft spot for motorcycles like this — machines that are not only ridden but truly experienced. This Honda tells a story: racing passion, Japanese craftsmanship, and European roads under its wheels

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
