## Honda TL 250 1978

We proudly present this iconic **1978 Honda TL 250** in its original **silver/orange color scheme**. This is not just a bike – it's a rare example, fully original and **street legal**, something you hardly ever find on this model.

The TL 250 was developed in the 1970s as a trial bike, built for ultimate control, balance, and precision. It was Honda's answer to the growing trial scene and is known for its lightweight construction and reliable engineering. Today, it's a highly sought-after collector's item for enthusiasts of authentic Honda quality and timeless design.

With its unique appearance and historical value, this TL 250 is an opportunity you don't want to miss. A bike that doesn't just ride, but tells a story – a piece of motorcycle history rarely seen on the market. At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
