

Honda VTR 1000 SP-2

Honda VTR 1000 SP-2

The **Honda VTR1000 SP-2**, internationally known as the **RC51**, is one of Honda's most respected sportbikes — engineered to dominate in the World Superbike Championship. This 2002 example, VIN **JH2SC45A02M200100**, represents the pinnacle of Honda's V-twin performance heritage.

Designed with race engineering at its core, the SP-2 offers superb chassis stability, sharp handling and a powerful 999cc V-twin engine that delivers an unmistakably raw and engaging riding experience. Unlike many modern sportbikes, the RC51 has a unique character that speaks directly to enthusiasts and collectors.

This particular bike was **delivered new in the Netherlands**, adding to its authenticity and desirability. SP-2 models in clean, original condition are becoming increasingly hard to find, making this a fantastic opportunity for both riders and collectors.

If you want a motorcycle with **heritage, performance and rarity**, the VTR1000 SP-2 delivers it all.

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
