## Husqvarna 250 CC CROSS

This 1967 Husqvarna 250 cc Cross comes from a golden era of motocross, when racing was raw, demanding and purely mechanical. During the 1960s, Husqvarna established itself as one of the most successful brands in off-road competition, building lightweight and reliable machines that set the standard. This bike is a true reflection of that legacy.

Powered by a lively two-stroke engine, this Husqvarna delivers an authentic riding experience that modern machines simply cannot replicate. Its minimalistic design, solid frame and purposeful engineering were all created with competition in mind, giving the bike a timeless and honest character.

With Dutch registration and an exceptionally low recorded mileage, this example is highly attractive to collectors and classic motocross enthusiasts. We see this Husqvarna not just as a classic, but as a genuine piece of racing history ready to be appreciated by its next owner

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
