

Indian Chief Black Hawk

Indian Chief Black Hawk

Some motorcycles are more than machines – they carry history. This 1951 Indian Chief Black Hawk comes from a golden era of American motorcycling, where freedom and craftsmanship defined the ride. Finished in classic red and showing just 002910 miles, this Chief radiates authenticity.

In the early 1950s, the Indian Chief was the brand's flagship model. Its large side-valve V-twin is renowned for smooth torque delivery and a relaxed riding character. This was the motorcycle that crossed America's highways with ease. The Black Hawk version adds an extra layer of rarity and attitude, making it especially desirable among collectors.

Delivered new in the Netherlands, this Indian is a rare opportunity for enthusiasts seeking a genuine piece of motorcycle heritage. To us, this is not just a motorcycle, but a living story ready to be continued

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
