## Kawasaki Z1300

The 1980 Kawasaki Z1300 is a machine you don't simply ride—you experience it.

Its legendary inline-six engine broke boundaries in its era and remains one of Kawasaki's most iconic creations. This black Z1300 comes with 41,799 miles and UK papers, carrying decades of character and authenticity.

The Z1300 was a true engineering milestone. Its liquid-cooled six-cylinder powerplant delivered unmatched smoothness and strength, quickly earning cult status among enthusiasts who appreciate its bold presence and technical innovation.

Every start brings the past to life, while still delivering the unmistakable force Kawasaki became famous for. This is more than just a classic—it's a piece of history waiting for its next proud owner. At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
