Kawasaki KZ 650

Kawasaki KZ 650

The 1978 Kawasaki KZ650 is one of those machines that instantly speaks to your heart. A pure classic from an era when riding was all about emotion—mechanical, honest, and full of soul. This blue U.S.-import KZ650 captures the unmistakable late-seventies look that enthusiasts love. The 650 series earned its reputation as the ideal blend of power and agility, praised for sporty handling without compromising reliability.

With 69,765 km, it's a bike that has lived, and that's exactly what gives it its charm. We instantly recognize when a classic still has the right stance, authenticity, and riding feel—and this KZ650 delivers on all fronts. A beautiful choice for purists, collectors, or anyone who appreciates Japanese engineering wrapped in timeless styling

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be
