

Kawasaki Z1-R

Kawasaki Z1-R (1980) – A true retro icon

This 1980 Kawasaki Z1-R in its rare light blue factory paint is a standout example of Kawasaki's early superbike legacy. With sharp, angular lines, cast alloy wheels, and a distinctive half-fairing, the Z1-R brought a bold new look to the streets in the late 1970s and early '80s.

Powered by a 1015cc air-cooled inline-four engine delivering over 90 hp, this machine was built for speed and control. With 79,534 km on the clock and a German origin, it presents as a clean, honest classic—ideal for either riding or restoring.

Whether you're a vintage collector or Z-series enthusiast, this Z1-R offers rarity, performance, and timeless Kawasaki design.

At [VintageMotorcycles.nl](https://www.vintagemotorcycles.nl), we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original—or how ready—your next classic should be.
