Kawasaki Z1B (1977) – The Last of the True Z1 Legends

This Kawasaki Z1B from 1977 marks the final evolution of the legendary Z1 series – and it still makes hearts race. With 73,620 km on the clock, matching engine and frame numbers, and that deep Bordeaux red finish, this bike is a stunning example of Japan's golden-era superbike.

The Z1B features the classic 903cc DOHC inline-four, revered for its smooth delivery and raw power. This bike is equipped with export papers and is ready for registration or collection worldwide. A true collector's machine – and an absolute thrill to ride.

Viewings are possible by appointment or videocall. We ship worldwide and can provide additional photos, videos, or a detailed quote on request

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
