

MV Agusta 750 F4 Black Mamba

MV Agusta 750 F4 Black Mamba

Some machines don't need explaining – you feel them instantly. This 2004 MV Agusta 750 F4 Black Mamba is one of those rare superbikes. With only 10,000 km, it stands out as a remarkably well-preserved example. The red and black livery enhances its aggressive Italian character.

Designed by Massimo Tamburini, the legendary mind behind the Ducati 916, the F4 is widely regarded as one of the most beautiful superbikes ever built. Its liquid-cooled 749cc inline-four loves to rev and delivers an intoxicating riding experience. This is not just a machine, but a piece of Italian motor history

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
