

MV Agusta 750 S AMERICA

MV Agusta 750 S AMERICA

The 1978 MV Agusta 750 S America is a rare and highly desirable classic from the golden age of Italian racing. This bike, with only 7400 km, comes from its first owner and retains its original paint. It has not been running since June 1989 and is offered in this original, non-running condition. The seller prefers to sell it as-is, but it can likely be made roadworthy at an additional cost.

Built as a tribute to MV Agusta's Grand Prix dominance, the 750 S America features a 790cc inline-four engine with dual overhead cams and a distinctive exhaust system that sounds like pure passion. Its red-silver paintwork, suede racing seat, and exclusive finish make it a rolling piece of art. It comes with German documents, original keys, and a box of extra parts.

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale. Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
