

MV Agusta replica racer 530

MV Agusta replica racer 530

This MV Agusta 530 Replica from 1976 is a unique, hand-built motorcycle that blends Italian racing heritage with Japanese reliability. The bike was completely custom-built by the previous owner, using a Honda CB400 Four engine as its base. The engine has been upgraded to 530cc, giving it more performance while keeping the smooth and classic character of the Honda four-cylinder.

Registered in the Netherlands and ready for the road, this replica combines the iconic red MV racing look with practical usability. A detailed photo archive of the build process is available, making this a rare collector's piece with a unique story.
