

Mario Mazzetti 350 Racer

Mario Masetti 350 Racer

The 1933 Mario Mazzetti 350 Racer is a true gem of Italian racing history, representing the golden age of motorcycle racing. Built by Mario Masetti, an iconic Italian manufacturer known for producing high-performance racing machines, this bike exemplifies the engineering excellence and passion that defined early 20th-century racing.

This particular 1933 Mario Mazzetti 350 Racer comes without a speedometer but features matching numbers for both the frame and engine, confirming its authenticity and historical value. The motorcycle is part of a large private collection of Italian motorcycles, making it a rare find for collectors and enthusiasts

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
