Moto Guzzi 750 S3

The 1976 Moto Guzzi 750 S3 is a testament to Italian motorcycle craftsmanship, known for its distinctive design and reliable performance. This model features a 748cc V-twin engine, delivering approximately 62 horsepower at 6,900 RPM, and is capable of reaching speeds up to 206 km/h (128 mph).

This particular motorcycle has 16,047 km on the odometer and comes with German registration papers. It has recently undergone a comprehensive service and is ready for a new owner

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
