## Norton Dominator

The Norton Dominator Racer from 1957 is a true piece of British motorcycle history. Known for its powerful parallel twin engine and classic featherbed frame, the Dominator was a dominant force on both the road and the racetrack. This racer version reflects Norton's racing DNA, combining a lightweight setup with the timeless looks of polished chrome and deep black.

A perfect bike for collectors or vintage racing enthusiasts, this Dominator offers not only performance for its time but also the charm and craftsmanship that made Norton legendary

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
