Suzuki Katana 110 x 1100

The 1983 Suzuki GS110X Katana 1100 is a true legend on two wheels. With only 35,833 km and imported from Germany, this blue-grey classic is a rare gem for enthusiasts. Designed by Hans Muth, the Katana broke all design conventions and ushered in a new era of sportbike styling.

Powered by a 1074cc air-cooled four-cylinder engine, it was one of the fastest production bikes of its time. The GS110X is known for its stable handling, raw acceleration, and iconic design that still turns heads today.

This bike is not just a ride – it's an experience, a time capsule from the golden age of Japanese engineering. We're proud to offer this iconic Suzuki in excellent condition, ready for its next chapter on the road. At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
