Suzuki katana 1100 1982

The Suzuki Katana 1100 from 1982 is an icon of the eighties, built to push boundaries. With its silver finish and distinctive 4-in-1 exhaust, this bike radiates pure power and style. The Katana was a revolutionary design at the time, inspired by European lines and Japanese engineering – and it remains one of the boldest superbikes ever created.

Beneath the sleek fairing lies a 1100cc four-cylinder engine that delivers impressive performance and an unfiltered riding experience. This machine carries a rich history and is highly sought after by collectors and enthusiasts who value authenticity and character. With 448,296 km on the clock, it proves its reliability and durability – a true classic that still makes hearts race.

With us, you're not just buying a bike; you're owning a piece of history. The Suzuki Katana 1100 is more than a machine – it's a statement of passion and craftsmanship.

At VintageMotorcycles.nl, we believe in full transparency, every bike is sold in the condition it's in at the time of sale.

Some still wear their original tyres or brake lines, while others have already been updated. If you'd like additional work such as a service inspection, new tyres, or replacement brake lines, that's always possible at an extra cost. This way, you decide how original — or how ready — your next classic should be.
